## COVID-19 Newsletter (vol. 50)

Center for Disaster Medicine, New York Medical College

# NEW YORK MEDICAL COLLEGE

A MEMBER OF THE Touro College and University System

## Center for Disaster Medicine

**Tuesday, December 15, 2020**

***During this COVID-19 pandemic and other future events, the CDM will continue to be a source of reliable information, education and models for mitigation, preparedness, response and recovery. As the pace of new information and changes has slowed and out of respect for the volume of everyone's communications, we have changed the frequency of our newsletter to once per week.***

David Markenson, M.D., M.B.A.

Director

Center for Disaster Medicine

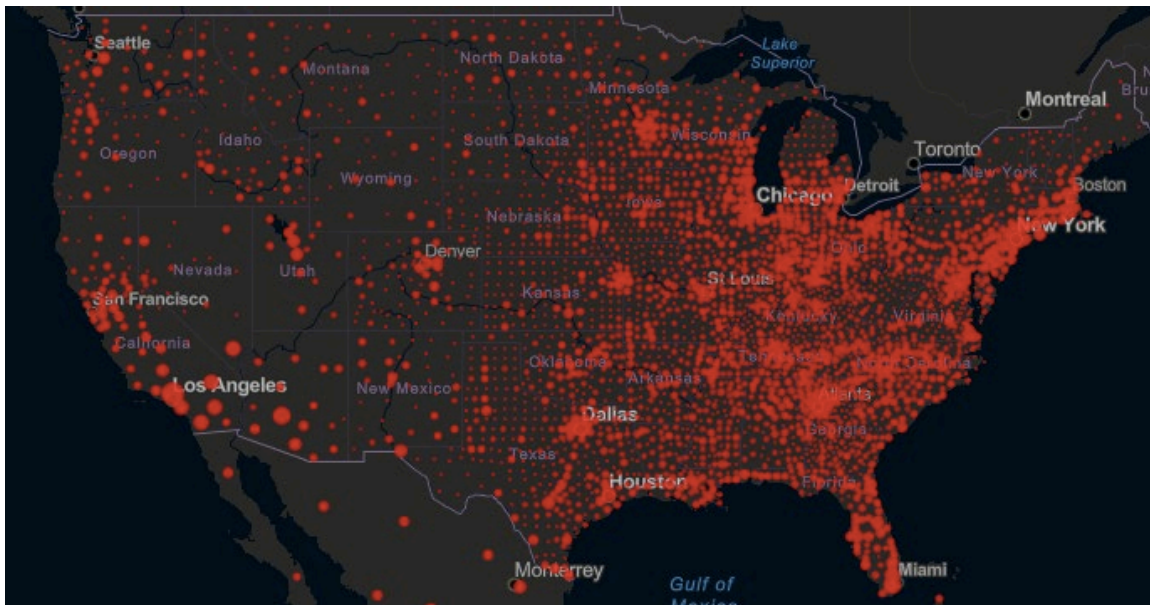

### **COVID-19 Statistics**

	Total Cases	Total Deaths	Total Recovered	Total Tested
Worldwide	72,417,335	1,615,421	47,380,338	Not Available

United States	16,280,842	299,370	6,298,082	217,114,386
New Jersey	400,650	17,751	48,654	6,597,406
New York	775,160	35,557	91,366	21,962,295
Connecticut	146,761	5,363	9,800	3,695,091

Information as of 12/14/20 at 1600 EST. Source: <https://coronavirus.jhu.edu/map.html>

### **United States COVID-19 Case Map / GIS**

### **Center for Disaster Medicine Updates**

- Coordinating volunteers to support local public health response to COVID-19.
- Conducting research and analysis of current events and COVID-19 response to identify strengths and areas for improvement in other regions.
- Updating and developing new programs to provide enhanced education on public health emergencies including pandemics.
- Redesigning summer fellowship in disaster and emergency medicine to better address preparedness skills, lessons learned and highlight the importance of high-fidelity simulation in medical education while finding new focus on pandemic-related research projects.
- Exploring course development opportunities in infection prevention and control for frontline responders in the hospital and in the field.
- Serving as a source of information for COVID-19 related concerns or questions regarding public health, emergency medical service (EMS), public safety and healthcare response.
- Local networking and pandemic response analysis for New York's tri-state area, using first-person experiences to highlight current trends.

- Coordinating and overseeing COVID-19 screenings at NYMC campus

## **Federal Updates**

- The U.S. Department of Veterans Affairs (VA) today announced a preliminary plan for distributing COVID-19 vaccinations it will implement once the Food and Drug Administration issues an emergency use authorization for a vaccine. VA has worked in close coordination with the Centers for Disease Control and Prevention (CDC) and Operation Warp Speed to plan for COVID-19 vaccination of VA staff and Veterans. VA will first provide vaccinations to front-line VA health care workers and Veterans residing in long-term care units in 37 of its medical centers across the country.

### **The White House**

The President's 30 Days to Slow the Spread ended on April 30. President Trump has unveiled Guidelines for Opening Up America Again, a three-phased approach based on the advice of public health experts. These steps will help state and local officials when reopening their economies, getting people back to work, and continuing to protect American lives. To review the Guidelines and obtain additional information regarding Opening Up America Again:

## **State Updates**

### **New York**

- Governor Andrew M. Cuomo updated New Yorkers on the state's vaccination distribution plan as the FDA has authorized Pfizer's COVID-19 vaccine. The state's vaccination distribution effort will focus on battling skepticism, include outreach to Black, Brown and poor communities, as well as expedited distribution and administration. New York received its initial allocation of 170,000 vaccines early this week.  
<https://www.governor.ny.gov/news/governor-cuomo-updates-new-yorkers-states-vaccination-distribution-plan>
- Governor Cuomo announced the launch of the New York Forward Small Business Lease Assistance Partnership. Recognizing the economic impact of COVID-19, this program will provide small businesses and their landlords with informational resources and pro bono assistance to help both parties reach mutually-beneficial lease workout agreements. This service is available to all New York State small businesses and landlords, and participation is voluntary. Over the next year, the partnership has the capacity to serve thousands of small businesses statewide.

## **New Jersey**

- Governor Phil Murphy and the New Jersey Department of Education announced a \$2.5 million grant to implement, scale-up, and enhance evidence-based interventions that accelerate students' academic progress and reduce learning loss among New Jersey students that has resulted from school closures due to the COVID-19 pandemic. The "Addressing Student Learning Loss" grants will fund programs in public schools, including charter and renaissance schools across 16 districts. These 16 districts will receive up to approximately \$156,500 per award using funding that the New Jersey Department of Education (Department) set aside in federal Coronavirus Aid, Relief, and Economic Security (CARES) Act, Elementary and Secondary School Emergency Relief (ESSER) funds for targeted initiatives.

<https://nj.gov/governor/news/news/562020/approved/20201210a.shtml>

## **Connecticut**

- Governor Ned Lamont announced that the Connecticut COVID-19 Vaccine Advisory Group's Science Subcommittee has submitted recommendations to him that the state's COVID-19 vaccine distribution plan start at the earliest opportunity. The recommendation comes after the subcommittee reviewed all available scientific and trial data from the U.S. FDA, the FDA's Vaccine and Related Biological Products Advisory Committee, clinical trial information provided by Pfizer and BioNTech, and peer-reviewed scientific publications about the vaccine and its clinical testing. The Advisory Committee on Immunization Practices of the U.S. Centers for Disease Control and Prevention (CDC) also voted to recommend the vaccine for individuals over 16. Governor Lamont accepted the subcommittee's recommendations and is ordering the Connecticut Department of Public Health to make all necessary preparations in order for the vaccine to be received as early as Monday, distributed, and allocated shortly thereafter to healthcare institutions

and long-term care facilities all over the state. <https://portal.ct.gov/Office-of-the-Governor/News/Press-Releases/2020/12-2020/Governor-Lamont-Announces-Connecticut-Vaccine-Distribution-Plan-To-Begin>
